DUPLEX CHEMICAL METERING SKID

- COMPACT FULL FEATURED CHEMICAL METERING SYSTEM.
- DESIGNED TO FEED TWO POINTS INDIVIDUALLY OR ONE POINT WITH COMPLETE REDUNDANCY.
- BUILT-IN DRIP CONTAINMENT FOR INCIDENTAL SPILLS.
- OPTIONAL SAFETY SPRAY SHIELDS FOR PROTECTION AGAINST HARSH CHEMICALS.

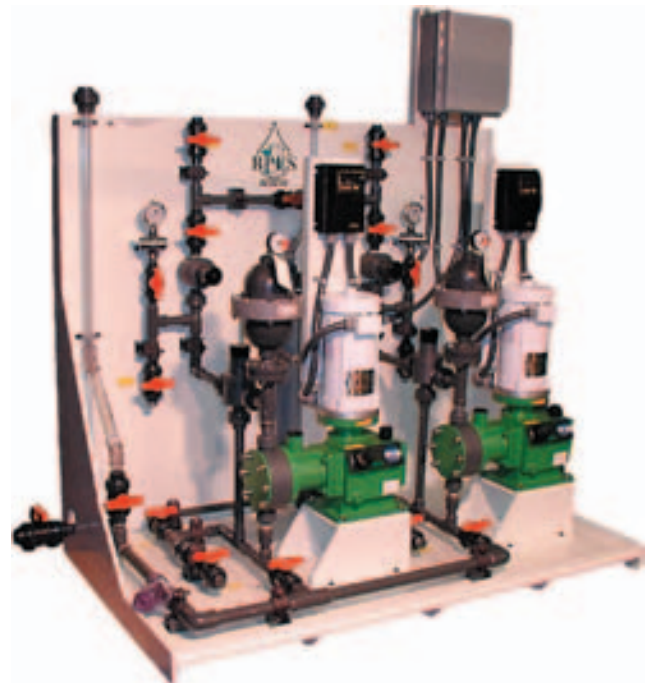

BLUE PLANET ENVIRONMENTAL SYSTEMS, INC. is the industry leader in packaged chemical feed systems. With a wide selection of standard configurations, rapid development of custom systems, and plenty of options and accessories to choose from: **there simply is no equal!**

Our Duplex Chemical Metering Skid includes all of the chemical metering accessories required for safe, reliable operation and also includes the tools necessary to verify proper operation of the system. We have even included standard flushing inlets and outlets so the system can be evacuated of chemical and flushed prior to disassembly for service or inspection.

The piping is designed to allow chemical discharge to separate application points or, for critical applications can feed one point with complete redundancy.

The entire system is hydraulically and electrically tested

THE DIFFERENCE IS IN THE DETAILS!

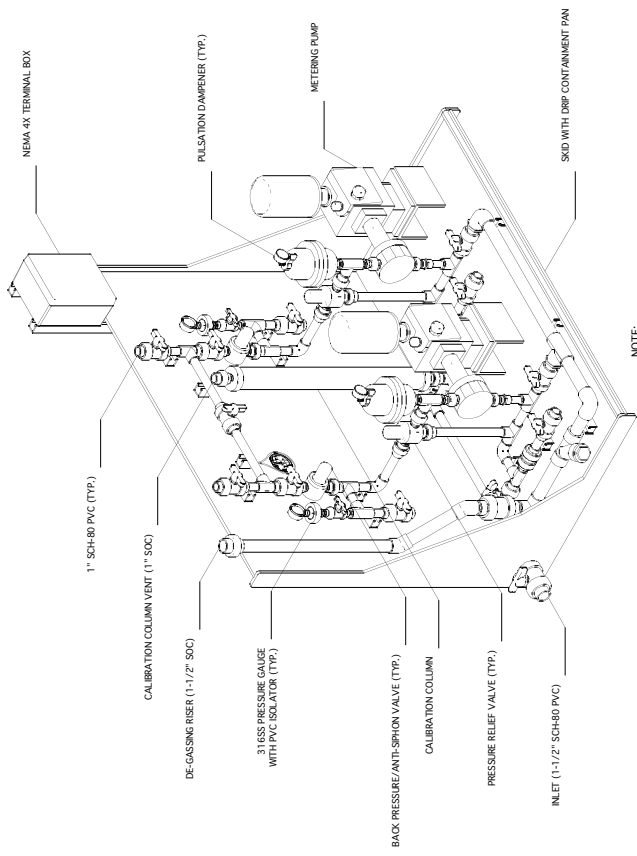

MS2 system designed for sodium hypochlorite in SCH-80 PVC shown with KM-254 metering pumps and stand alone local SCR controllers.

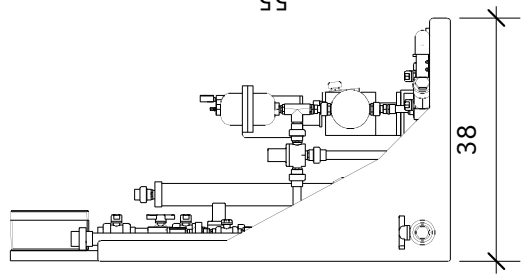

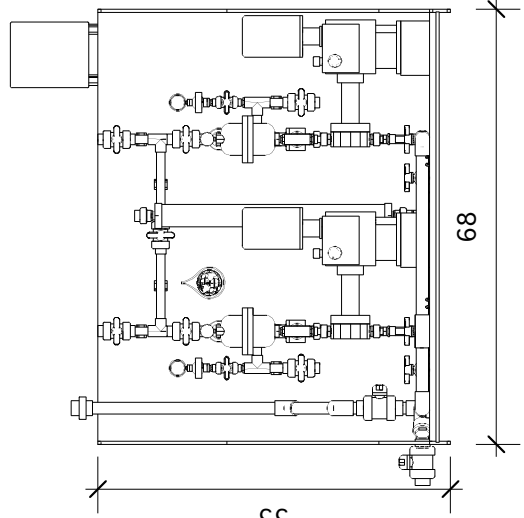

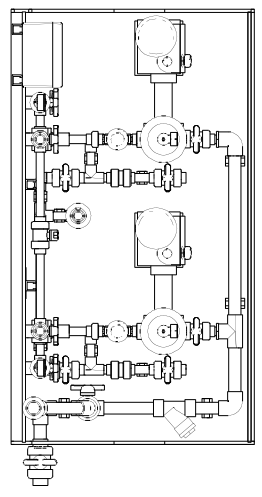

at our facility prior to shipment to ensure success at start up.

The MS2 Series System offers a minimal footprint, simplified installation and easy commissioning.

Give us a call to discuss your requirements and see for yourself how easy and affordable a high-quality engineered solution can be to purchase and operate.
